FYI - hearing there may be a Cabinet meeting tonight. You landed?

Just got into my apartment

Welcome to occupied Ottawa! I'll let you know as I hear more.

From Liberal leader and St Boniface
MLA Dougald Lamont :
Hey Dan I am about to send you and Bill
Blair and the PM an email. I was
contacted by a nurse who says the
border blockades are causing hospital
shortages.

I am asking the Premier and Minister of
Justice to act.

Just looping you in.

Shortages in hospitals
COVID-19
Since the protestors began blocking
our borders, we have begun becoming
short on some
items. I'm not sure how else to say this,
but If you're in a position to write to all
levels of
government and encourage action, we
would all greatly appreciate it. If it
didn't effect all
our mental health previously, it will now
begin affecting our most vulnerable
